#### A WELL FACTSHEET

# Finding a er and sani a ion informa ion on he in erne

For many people, the Internet has become the first medium to turn to when they need information. Water and sanitation professionals are no different. Currently there are around 1 billion Internet users worldwideworlsubjec1@adings, authy py ptite Inomin librtio, hobecórma戭ion.政 @u roune InWation? Iomit enoughen th
